

POLYURETHANE FLAT TUBE

Flat polyurethane tube for pneumatic expandable shafts.

FEATURES

Abrasion-resistant polyurethane **for high mechanically performing** pneumatic expandable shafts. Designed to replace rubber profiles ensuring a **10 times longer** service life. Tested up to **7,000,000** cycles.

SECTORS

INDUSTRIAL

APPLICATIONS

AIR SHAFTS

Products

Part number	Standard colors	Width	HEIGHT.
FLATPU9.5X3	(T)	9.5 mm	3 mm
FLATPU15.5X4	(T)	15.5 mm	4 mm
FLATPU20X5	(T)	20 mm	5 mm
FLATPU26X4.5	(T)	26 mm	4.5 mm

PRESSURE/TEMPERATURE

Operating temperature: from -40°C to 60°C

Safety factor on working pressure: 3:1

Here on the side: Graph of pressure drop expressed as a % in relation to temperature
